## Principal's Message

What a difference a week makes! Last week at this time we were still fighting the heat, and now we've got cooler temperatures and a nice breeze ushering in the weekend. Definitely an improvement over the past couple weeks!

As we move forward into Fall, it's time for a number of our site teams and committees to meet. Along with our PTC getting up and running (please come to the meeting on Monday evening), we will soon have our first meetings for School Site Council (SSC), English Learner Advisory Committee (ELAC), School Accountability and Review Team (SART), and Intercultural Diversity Council (IDAC). SSC and ELAC focus a great deal on year-to-year procedures, budgeting, and systems to address specific needs, while SART and IDAC are broader opportunities to talk about schoolwide focus and district initiatives. These meetings are open to all parents (and even kids) as the topics are relevant to the whole community and input from all stakeholders is appreciated.

At the upcoming SART/IDAC meeting, we will discuss school safety with an emphasis on district directives and implementations, as well as some Mountain View-specific changes that will need to happen this year. I anticipate that some of those changes will feel like a break from "how we've always done it," but in the interest of student safety, there are changes that have to be made.

I invite you to come be a part of those meetings, listed in the calendars included here in The Growl. As members of the community, you have a unique and valuable perspective, and I hope to have you join us as we discuss ways to improve our delivery of services and safety of our students.
