GOLDEN BEARS LEAD WITH HEART, SPIRIT, AND PRIDE!

Principal's Message

As this week draws to a close, I have to once again brag on our kids and teachers. Despite the soaring temperatures and challenges we faced this week with modified recesses and lunch periods, air conditioning units barely hanging on, having to eat in the classrooms, and several cancelled activities, our students and teachers are still smiling and focused on their learning and working to meet their academic goals.

I know it would be easy to sit back and say, "Well, yeah, that's what is supposed to happen," but as parents/grandparents/caregivers, we know that any change to a routine can completely mess with the dynamic in the household, and the school environment is really no different. Think of the heat wave like the loud, funny uncle who comes over and keeps the kids up late on a school night. Dinner gets pushed back, there's ice cream at 10:00 pm, kids want to stay up and watch Star Wars for the 17th time, and then you have to get them up for school in the morning. People are grumpy, there are snarky looks from droopy faces, and the entire day can be thrown off.

To some extent that's what we've been faced with for the past couple weeks. The heat and disruptions to normal activities were constant, and just about the time we had one challenge resolved, along came another. But through it all, the teachers and students persevered and held to the high expectations we have here at Mountain View. Our staff and kids showed real grit, and we're proud of our Golden Bears for weathering this storm (sorry, dad joke in there).

I'm thankful for the commitment and caring on our campus and know we will do great things this year as we get back to our normal routines over the course of the next week!
